I've been working in the audiovisual industry for over 15 years, as a video editor, post production coordinator, script consultant and film professor. Over the course of my work experience, I have combined an initial passion for audiovisual storytelling and teaching, and a growing passion for web design and development. Currently, I'm in search of new professional challenges and I want to achieve new goals in both audiovisual and IT fields.

SOFTWARE SKILLS

Adobe Suite (Premiere, After Effects, Photoshop, Illustrator), AVID Media Composer, Final Cut Pro, Da Vinci Resolve.
